Seventh Grade Science Scavenger Hunt

This activity will provide a review of the GSE 7th grade standards. Have fun! You may write what you see, check it off, take a picture or draw it on a separate piece of paper! Look for items inside, outside, and on the internet! Don't forget to write down your source.

Find a living thing. S7L1	Find a plant. S7L1b	Find Fungi. S7L1b
Find an animal. S7L1b	Find a plant that reproduces asexually. What type of plant is it? S7L1b	Find a relative and see what you have in common. List all of the commonalities! S7L5a, b
Look on the internet and find a biome that you want to learn more about. What will you need to survive in that biome? What is the climate? What would you eat? Is there fresh water available? S7L5d	Look up a plant cell. Draw and label the plant cell without looking at a picture. Make it colorful! S7L2a, b	Look up on the internet an animal cell. Draw and label the animal cell without looking at a picture. Make it colorful! S7L2a, b
Look up an animal that has become extinct and find out why. S7L5c	Find a genotype. S7L3b	Find a phenotype. S7L3b
Draw out the Human Body Systems. How do you know they interact with each other? S7L2c	Draw how cells are organized. S7L2a
