

Name(s) _____

The Can You Make Fake Snow STEM Challenge

Can you create a sample of fake snow and then design a method to test it in order to determine its quality?

Engineering Design Process

Characteristics of the snow that we tested:

#1	#2	#3	#4
Observations:	Observations:	Observations:	Observations:

Circle one word and complete the sentence:

Overall, we rate the fake snow as **awful** **poor** **okay** **excellent** **outstanding** because ...

Describe what you did to try to improve your snow in some way and how it worked.
